Rodeschor Kristian L. Bagatsing

Full-stack Web Developer

PROFILE

As an adaptive and ambitious Full Stack Web Developer, I bring a solid foundation in HTML, CSS, JavaScript, and experience with frameworks such as React and Laravel. With a strong interest in web development and a willingness to learn, I attempt to keep up with the latest technology and industry trends. I am dedicated to producing high-quality, user-centric web solutions that create effective results by combining my strong problem-solving abilities, attention to detail, and enthusiasm to increase my knowledge.
